## *RVA Financial Has More Branches Than You Ever Imagined...*

Did you know there are a plethora of ways to visit an RVA Financial branch? In addition to visiting the Thomas J. Amiss Credit Union Center on Robin Hood Road or our branch on the 16th Floor of Richmond City Hall, you can also use:

- Internet Banking and Mobile App: use both to transfer funds, make loan payments, check account balances, pay your bills, and more.
- Cash back at the merchant: Lots of merchants, such as Target and Food Lion, allow you to get cash back at the register when you pay for your purchases – no more stopping at an ATM or branch. Even better? It's free for you!
- CO-OP Shared ATM Network: If you need to stop at an ATM, we are still a part of the CO-OP Shared ATM network that contains over 30,000 surcharge-free ATMs across the United States.
- Remote Deposit Capture: Deposit checks right from your smartphone using the free RVA Financial mobile app for iPhones and Androids. No need to stop by a branch. You can use RDC from anywhere in the world!
- RVA Financial ATMs: The inside and drive-thru ATMs at the Thomas J. Amiss Credit Union Center on Robin Hood Road accept both cash and check deposits. And now, no envelope is needed! These new ATMs give you immediate credit for your cash deposits, 24/7/365.
- Mortgage: We care so much about your home needs, we'll come to you! Our Mortgage Loan Officer will meet you wherever is most convenient for you.
- Indirect: You can apply for and close, or even just close your pre-approved auto loan, right at any of our auto dealer partners! Visit [rvafinancial.com](http://rvafinancial.com) for a full list.
- Business Development: Chances are you've taken a financial education class or have classes available at your employer that are delivered by our very own Business Development team. This team can help you open an account and transact business. If we are not currently working with your employer, ask them to reach out to us!

May 31, 2019 will be our last day participating in the CO-OP Shared Branch network because of all of the investments we have made in additional transaction channels, detailed above.
